Cloud9 utilises Microsoft's Azure platform to provide its clients with Infrastructure as a Service, Application Platform as a Service and Cloud Storage Services.

Microsoft is the only vendor positioned as a Leader across Gartner's Magic Quadrants for the second consecutive year.

Read Gartner's Magic Quadrant for Cloud Infrastructure as a Service, for Cloud Storage Services and for Enterprise Application Platform as a Service.

Extend your existing IT

Azure, easily integrates with your existing IT environment through the largest network of secure private connections, Azure hybrid cloud solutions give you the best of both worlds: more IT options, less complexity and cost. It's why it's one of the best cloud computing services available.

Use an open and flexible cloud service platform

Azure supports the broadest selection of operating systems, programming languages, frameworks, tools, databases and devices. Azure cloud service supports the same technologies that millions of developers and IT professionals already rely on and trust.

Scale when you need to, pay as you go

Azure's pay-as-you-go services can quickly scale up or down to match demand, so you only pay for what you use. Per-minute billing and a commitment to match competitor prices for popular infrastructure services such as compute, storage and bandwidth mean you're always getting unbeatable price for performance.

Protect your data

We know some organisations are still wary of the cloud. That's why Microsoft has made an industry-leading commitment to the protection and privacy of your data. Microsoft were the first cloud provider recognised by the European Union's data protection authorities for commitment to rigorous EU privacy laws. Microsoft was also the first major cloud provider to adopt the new international cloud privacy standard, ISO 27018.

Rely on a trusted cloud service

Azure is engineered to handle any workload. More than 66 percent of Fortune 500 companies rely on Azure, which offers enterprise grade SLAs on services, 24/7 tech support, and round-the-clock service health monitoring. Customers include Skanska, Heineken, 3M, Dyson, Paul Smith, Mazda, GE Healthcare, Trek, McKesson, Milliman, Towers Watson, NBC Sports, TVB, and many, many more.
